Preacher's Sons

Saturday, December 12 at 7:00pm

This is the cinema verité story of five irrepressible but troubled boys - pulled from the train wreck of foster care - the two articulate men who are now their fathers, and their moving metamorphosis into a solid family unit. The Stewarts are an unconventional family with surprisingly conventional values. Their odyssey is intimate and moving; but it exists within a wider context of the national debate over same-sex marriage and adoption. No matter what you think about same-sex parenting, your assumptions will be challenged as you watch this compelling story. (90 minutes)

Hosted by West Shore Social Action Committee
and Queer and Allies Group

Please plan on staying after the film for refreshments and conversation!
